

IT Cheat Sheet: Class Dojo (P-2)

The online learning platform for p-2 is 'Class Dojo'. Class Dojo connects teachers with students and parents to build classroom or home learning communities. It has classroom learning expectations in one place giving students a voice even when away from the school environment. Teachers and students can easily share photos, videos and learning material on 'class story' and display student work through *individual* portfolios. Class Dojo also supports our EALD students through their online translator.

You would have been sent an email by your class teacher alternatively If you have not been connected please follow these instructions:

1. Download the 'Class Dojo' app on your device
2. Click on PARENT
3. Search for Earnshaw State College to join up.
4. It will then highlight teacher names, type in your child's name
5. Click 'press to connect'.
